## **Tseshahat Beach Keeper Program**

### **Summer Student Employment \*extension \*AMENDED**

The Tseshahat Lands & Resources Department is **NOW** accepting applications two **Beach Keeper Attendants (Youth Interns)** to work onsite at the Broken Group Islands to assist the Beach Keeper & Visitor Attendants with maintenance of park facilities, patrols and a range of visitor services duties including guest Tseshahat cultural interpretation. Also assist in Tseshahat/Parks Canada archaeological dig in Broken Group Islands at the Tseshahat traditional site at Jaques Island

This position will be administered under the guidelines of summer student employment funding with the intent of enabling a Tseshahat student to gain practical work skills and experiences in the Parks & Recreation field of work. The student will also be provided a unique opportunity to work in the Broken Group Islands and learn more about Tseshahat history and traditional way of life.

Each position will work for a **9 shift term** between **June 27-Sept 4**. Hours of work will be 40 hours weekly and will involve participating in the Beach Keeper Program's in work roster rotation 4 day schedule that is in place for Beach Keepers work and for time off from the Broken Group Island work site.

*Pay Rate: \$13.00 hourly (plus \$35.00 day meal allowance)*

#### **Education /Training and Skills /Experiences**

- Tseshahat Youth (15 - 30 ) who is a student returning to school in September,
- Familiar with on the water safety protocols and with small vessel operations,
- Able to perform light maintenance/ janitorial duties to assist with the upkeep of park facilities and camp sites,
- A genuine interest in pursuing a career in the Parks & Recreation field of work,
- Good communication skills; able to interact positively with park visitors and assist with the orientation of visitors to park regulations.

#### **HOW TO APPLY**

Tseshahat members who possess the above noted qualifications and who are interested in these work opportunities are encouraged to apply by bringing in a;

1. Typed resume
2. Please include a signed covering letter confirming they meet the 5 **Education /Training and Skills /Experiences** points above.
3. To TFN Administration Office's Welcome Centre by **June 28, 2017, 12:00PM**  
attention of: **Molly Clappis or by email**  
[officeadministrator@tseshahat.com](mailto:officeadministrator@tseshahat.com)

and will be finished shortly. Once painting is complete the  
Youth Center will be open for business.

Keep your eyes open for updates 😊

Youth Center: 250-724-7320

# TSESHAHT FIRST NATION Fisheries

## Tseshaht Fisheries Update

The sockeye fishery has been closed and will remain closed until the run size changes. The run will be re-forecasted on June 29<sup>th</sup> so keep your eye out for a notice. Currently the escapement is around 81,000 fish. The run-size is currently 172,000 and would need to increase to 200,000 to allow for some fishing.

The Fisheries department has seen a staffing change this year with the loss of Darwin Webber. Currently Frank Cartlidge is the only fisheries guardian currently on staff. We will be hiring a replacement in the near future. Keep an eye out for a posting.

Chinook forecast is good with an expectation of an allocation of 14,855 for the two nations in town. The agreement is in the negotiation process. The fisheries have been planned to start in August.

The Tseshaht-Hupacasath Fishing Partnership has a project that has built a new crab boat, new crab traps and gear and live tanks to sell the crab retail to customers hopefully at Tseshaht Market. The Crab boat is almost done being built and should be named in the next few weeks. Watch for announcements regarding Skipper and Crew for the boat.

While we wait for the fish, can all fishers please remove nets from boats or the area near the bank of the river. It's too easy for someone to decide to fish and set someone's net. We need all the nets removed from the river and boats. DFO will be out to collect any nets that aren't removed.

# TSESHAHT FIRST NATION

## BACKYARD FIRE SAFETY TIPS

Sitting around a fire is a summer pastime that many enjoy. It is important to practice safe fire etiquette. Read below to learn tips on how to have a successful and safe backyard fire;

### Preparing Your Fire

- Only build a fire in enclosed, contained areas such as outdoor fire bowl or a fire pit, taking care not to overload it.
- Make sure the pit is on a flat surface in an open area. Do not set up a fire pit underneath trees or too close to buildings to avoid anything accidentally catching on fire.
- Check wind direction before lighting the fire. Wind direction can control the strength of the fire.

### During the Fire

- Clear the area around the fire pit, in case of random sparks. Dry paper or grass can easily catch on fire if they are surrounding the pit.
- Move furniture away from fire pit as well to avoid burns from sparks.
- Many fire pits offer fire pit screens to hold back sparks, this is a great option to keep safe, especially if children will be around the fire.
- Keep flammable liquids far away from the fire pit. The heat alone can cause the liquids to catch fire.
- **NEVER** use garden waste or garbage in a fire. These items produce harmful black smoke into the air.
- Make sure a first aid kit is always nearby to treat minor burns.
- **ALWAYS** keep a fully charged fire extinguisher or hose nearby to quickly put out a fire in case of an emergency. Think ahead; have a plan if something does happen.
- **NEVER** leave children unsupervised.

### Putting Out the Fire

- **NEVER** leave a fire unattended. Even the smallest fire can grow into a large one without supervision.
- Make sure the fire is completely out before you leave it unattended. Never leave a fire to die out on its own.
