## yaaʔakukʷah ʔuuʔuukʷaʔath (I love our language)

ʔukʷaamah taaʔisumqa, ʔiʂaaʔaqsup nuuʔaanuʔath. histukʂiʂah ʔumaaʂas. mamaʔni qiiic ʂimtii Dawn Foxcroft. ʔumiiʔsakah Deb Foxcroft ʔiʂaaʔaqsup ʔahaahaʂ Ukrainian, ʔuhukwitaʂ nananiqsu Jim ʔahʔaaʔaʂ Jan Gallic. nuwiiʔsakah Mike Foxcroft mamaʔni, ʔuhukwitaʂ naaniqsu Earl Foxcroft. ʔuhukwah ʔakup Martin ʔahaahaʂ taʔa Rhodes.

My name is taaʔisumqa, I am a women of Tseshaht of the Nuu-chah-nulth Nation. My English name is Dawn Foxcroft. My mother is Deb Foxcroft. She is a Tseshaht women and of Ukrainian decent; my grandparents were Jim and Jan Gallic. My dad is Mike Foxcroft. He is non-First Nation; my grandfather was Earl Foxcroft. I have a husband Martin and a child Rhodes.

As a child, I was so fortunate to learn our language at haahuupayak from our language Rockstars Kathy Robinson and Caroline Little and began again as an adult learner in 2012 with evening language classes at the college. This led me to the Masters of Indigenous Language Revitalization program at the University of Victoria that I completed in 2016. I am committed to supporting language revitalization efforts and I am so grateful to be able to work as the part-time language coordinator for our community. I am passionate about second language learning for adults. I believe we need to develop language teachers that have proficiency in their languages, skills and techniques to teach the next generation, and reverence for fluent speakers and elders in our communities. I am looking forward to all the possibilities.

### ʔaaqinʔaphak (What are you doing?)

- Tseshaht was recently successful with two funding applications one that supports the part-time Language Coordinator position and a Data Tech contract and another that will support a Language Worker/Learner.
- We recently submitted a proposal to the FirstVoices program for a two-year project to increase the number of words and phrases on our ʔiʂaaʔath portal. ʔuʂyakʂiʂeʔicuu to all of those who have worked on building that resource to where it is today.
- Tseshaht has been hosting a beginners evening language class Tuesday night at the Administration office. These are taught by our own very talented yaacuʔisaqs, Linsey Haggard. Shout out to Gail K. Gus who found the initial funding to kickstart these classes.
- Over the next couple months, we will be developing a language strategy which will be the foundation of a long-term language program for Tseshaht. More updates to come.

## 2019 COMMUNITY WELLNESS TRAINING - TAMMY LUCAS

My name is Tammy Lucas my mother is Irene Robinson of Tseshaht, the second oldest daughter of Kathy Robinson and late Doug Robinson. My father is Richard Lucas Sr. of Hesquiaht, the oldest of the late Charlie and Gertie Lucas. I have 1 daughter Imani Kelly.

I had the fortunate experience of participating in the 2019 Community Wellness Training with Teechucktl Mental Health. We did four modules spread out over six months; this training took us away from our community and families for three days at a time starting in November 2018.

This was a trying time for me in the beginning as I was struggling with my physical health; which in turn started taking its' toll on my mental health. This program not only helped remind me of tools I learned in the past but also gave me knew ones that I needed to get myself through this difficult time in my life.

I was determined not to miss a module despite what was happening with me personally. I'm happy I kept on pushing through as this program helped me look at myself in ways I never have, which allowed me to grow. I look forward to putting my refreshed and new skills to work and am grateful for the opportunity in taking part in such a wonderful program.

I was fortunate enough to go through this program with several family members, and my co-workers; Patricia (Pepsi) Jimmy and Ahmber Barbosa, both attended with their supervisors support. It was an experience of a lifetime and I am glad I got to share it with these wonderful people. I have made connections that will last a lifetime and learned tools that will last for generations.

Kleco Kleco to NTC Teechucktl Mental Health for these wonderful tools and my supervisor at Tseshaht Deshana Sanderson Housing Manager for allowing me to participate in such a wonderful program.

It is sad yet exciting to know that Teechucktl no longer needs to train yearly and will now lower their training to once every two years: Having over 140 Nuu-chah-nulth trained is heartwarming.

# CHIEF COUNCILLOR'S REPORT

TSESHAHT FIRST NATION

May 13, 2019

Community Update

We have officially reached the 3-year mark in our 4-year mandate as Tseshahat First Nation Chief and Council and I am excited for the progress we continue to make as a collective in moving important work forward. As a council we recognize that communication is key to ensure transparency and accountability to our members. We want to ensure that you are aware of the work that we continue to do on behalf of Tseshahat First Nation and can engage on these projects and initiatives when necessary. Our council has recently committed to providing a monthly Chief Councillor's report and quarterly Councillor reports to our members to improve communication. The quarterly councillor reports were in last month's bulletin and outline the portfolios of each council member and any additional projects each council member is working on.

## **Tseshahat AGM**

The continuation of our Annual General Meeting was scheduled for April 7, 2019 at haahuupayak School. There were several items that we were unable to discuss at our February AGM due to having to end early because of the snow. The remaining agenda items included; staff updates, mission and vision exercise, wish list for funding exercise, and community engagement. Unfortunately, only 4 members were present for this work, as well as numerous council and staff members. We could not carry on with the agenda as all these items require more community members to be engaged. We have included this topic on our community meeting agenda for May 13, 2019 to get direction from the community on how to proceed with this work. We will also be proposing a motion to the community to have an annual general meeting in October of each year.

## **Policy Development**

It has been made a priority by council, administration and our community to ensure we have policies in place for our departments and services. In our Chief and Council strategy session held in December we identified 17 policies that need to be developed or updated for our Nation. We want to ensure that these policies meet the needs of our administration and membership and are in line with our values and vision as a Nation. Recognizing that our staff and council all have significant workloads, Council agreed that this work should be done by securing funding and hiring a consultant that would be able to provide us with support in developing a policy manual.

## **Clock Tower Project**

We have recently been updated by the City of Port Alberni that there have been delays in the upgrades to the Clock Tower located at the Harbour Quay. This project was initially expected to be completed by May 25, 2019 in time for the first Cruise Ship landing and in order to have an unveiling ceremony. The new anticipated completion date for this project is Fall 2019.

## **Harbour View Lands**

The City of Port Alberni recently announced that City Council will be putting a Request for Proposals to develop the Harbourview Lands near the Harbour Quay. Our council immediately engaged the City on this topic as the site is of great significance to Tseshahat First Nation. We wanted to ensure that we are adequately engaged in these discussions to protect or interests as a Nation. The City has ensured us that the treed area will be removed from the proposed development and that Tseshahat First Nation will have a chance to review any proposals before City Council goes through the selection process. We also provided some recommendations in the RFP to have our history, interests and values are considered in the proposals.

## **BC Gaming Revenue Sharing with First Nations**

As previously discussed, the Provincial government has announced gaming revenue sharing in BC which was included in the 2019/2020 budget. A BC First Nations Gaming Revenue Sharing Limited Partnership is currently being developed. The formula will be based on 7% of all BC gaming revenue split amongst the 203 nations with 50% distributed equally, 40% split based on population, 10% split based on Nation's remoteness. First Nations can determine how these funds will be spent as long as they are spent in the following areas; health and wellness, infrastructure, safety, transportation and housing, economic and business development, education, language, culture and training, community development and environmental protection, and capacity-building, fiscal management and governance. Direct distributions to membership are not permitted. This funding was not included in our 2019/2020 Budget as we want to ensure that we engage council, administration and membership on priorities this funding should be used for.

## **Reconciliation**

On May 9 and 10 the Nuu-chah-nulth Tribal Council held a 2-day Reconciliation Forum at Maht Mahs which was open to all Nuu-chah-nulth people. This forum was to discuss what reconciliation means to Nuu-chah-nulth people and was intended to explore opportunities to engage on reconciliation at a community level, between Nation to Nation and Government to Government. As there were a number of other events scheduled during this time there was minimal participation from all Nuu-chah-nulth Nations. Ken Watts was able to attend on behalf of council. Other members from our community attended as well. The Nuu-chah-nulth Tribal Council also received funding to engage each Nuu-chah-nulth Nation on reconciliation. Shana Thomas was hired to facilitate these discussions and has been invited to engage our council and community in this work. A report from the Reconciliation Forum will be provided at the NTC AGM in September 2019.

The Reconciliation Committee, which includes members from Tseshaht First Nation, Hupacasath First Nation and the City of Port Alberni are in the process of scheduling our final meeting as a committee of the City to review the final report and recommendations before the report is provided to each of our councils for discussion.

## **NTC Board of Directors**

On April 10, representatives from the Nuu-chah-nulth Tribal Council, Hesquiaht First Nation and Tseshaht First Nation met with Catherine Lappe, Regional Director General, BC Region of Indigenous Services Canada and other representatives to discuss several topics. One of the main topics included the work being done by the First Nations Housing and Infrastructure Council and their push to create a First Nations Housing and Infrastructure Authority without proper consent or engagement from First Nations. As a result of the discussions of this work the NTC Board of Directors made a motion to do an internal assessment of Nuu-chah-nulth Housing and Capital Infrastructure for our Nations and determine our needs for moving forward. A proposal for this assessment was provided to ISC and we are optimistic that they will be providing funding to complete this work. Our Council agreed that this was a great opportunity to discuss the haahuupayak expansion with representatives from ISC. Those in attendance were quite receptive and will be following up on ways to support us in the much-needed expansion. Other items that were discussed included:

- Hesquiaht FN Micro-Hydro Project & Other First Nations Micro-Hydro Projects (including Tseshaht's) The NTC executive will be following up with Nations on how these projects can be supported and providing clarification on the changes made by the government which affect these projects.
- Reporting concerns experienced between ISC, Nuu-chah-nulth Nations and the Nuu-chah-nulth Tribal Council.
- Membership Program- specifically challenges with processing application, supplies, data and budgets and the implications each have on our Nations.
- Communication protocols between NTC and ISC.

On April 30, 2019 an NTC Board of Directors Meeting was held in Tla-o-qui-aht Territory in Tofino. Several items were discussed amongst the board including a recap of the above-mentioned meeting with Indigenous Services Canada. The NTC Executive requested that a BC Government Table be developed to meet on a quarterly basis to include NTC representatives, Nations and Provincial representatives to discuss Provincial issues.

Tseshahat put forward that although this may support us to move collective initiatives forward, we must ensure there is a term of reference for this group and that we clearly state that this does not impact our individual title, rights or interests as a Nation. An update was also provided on the review of the NTC Constitution and Bylaws Working Group. A formal presentation will be given at the May Board of Directors Meeting by the facilitator. A motion was made by our Nation to get support from the NTC in acquiring funding for the expansion of haahuupayak school as currently 42% of our enrolment is Tseshahat and 58% are other, including many Nuuchahnulth students from other Nations. We also expressed our concerns with Ha-Shilth-Sa staff publishing statements in the paper regarding territorial matters between Nations. The Next NTC Board of Directors Meeting is scheduled for May 30, 2019 in Campbell River.

### **Ministry of Indigenous Relations and Reconciliation Negotiations**

It has been an ongoing battle with the Ministry regarding extracting resources from our territory with no consent, no accommodations, and limited engagement with our Nation. In 2017 we began discussions with MIRR to explore resolution for these issues. The negotiations were not very successful because MIRR continued to push for a broad Reconciliation Agreement which could potentially affect our efforts in pursuing recognition of our Title and Rights over our territory. We have recently re-engaged with MIRR to see if there is an opportunity to limit the discussions to Forestry matters within our territory. Tseshahat has not signed an FCRSA (Forestry Consultation and Revenue Sharing Agreement) since our last one expired in 2012-2013. We have no intention of signing an FCRSA as they are currently designed to benefit the Government with little benefits to the Nation. Our objective is to see if there are other options that are more suitable for our Nation which could protect our interests and rights. It is important that we hold the pen on this work and let the Province know what we would like to see in a forestry agreement. This is only at the exploratory stage of discussions and would require further engagement with council and community if we decide to pursue a forestry agreement.

The Ministry of Forests Lands and Natural Resource Operations and Rural Development has also requested that Tseshahat First Nation be involved in the work to review the Nahmint Landscape Unit Planning process which was initiated in 2007. The objective of this work is to establish Old Growth Management Areas. We will be meeting with the MFLNRORD later this month to hear more about this work.

## Heečis Eileen Haggard Memorial Scholarship

Eileen Haggard spent much of her life working to better the lives of young Aboriginal people both in her role as the Nuuchahnulth Cultural Supervisor and as an outstanding role model for Aboriginal Peoples.

In addition to working to ensure that schools placed great importance in bringing Nuuchahnulth culture to classrooms, Eileen never stopped believing that all students have the ability to overcome challenges and believe in themselves, and in their culture.

Eileen always treated students with great respect and love no matter what their circumstances. She really made a positive difference in the lives of students who struggled in school.

This year, the Haggard family would like to honour four (4) Grade 12 Graduates of Aboriginal Ancestry who exemplify the qualities necessary to succeed and overcome challenges. Awards will be given at the NTC Scholarship and Graduation Ceremony.

*Honoured recipients will be students who:*

- Have worked hard to excel to the best of their ability
- Have overcome obstacles in their quest to obtain a high school diploma
  - Model and value their First Nation culture
