COURSES/TRAINING:

- Business Administration Courses - Malaspina University/VIU
- ACSBE Business Development Bootcamp
- BC Centre of Excellence for Young Indigenous Leaders Youth Training Symposium
- ACSBE APEC Business Counsellor Training
- ACSBE Financial Analysis for Business Development Professionals
- Aboriginal Entrepreneur Economic Development Professional Training
- Community Economic Development Certificate Program - Simon Fraser University.

As listed above, I have a lot of experience and education in different areas that would benefit our Nation. My vision for Tseshah is to become a safe community that fosters health, wealth and sustainability. I believe we need to put more focus on Youth & Elders as they are vital to shaping our future.

I believe we, as a community, can help create more opportunities for employment through economic development ; improve resources and communication to off reserve members, improve local resources and capacities; update, utilize, and/or improve current infrastructure (Maht Mahs, Cultural Center, Youth Center, etc) ; increase community control and ownership ; review bylaws, policies and procedures to increase the safety of our community; create more green space/recreation areas.

I would love to serve our community in whichever direction we have chosen to move forward with.
