

My name is Agnes Myra Mack, Most know me as Myra. I am 37 years old My husband is Darcy Mack, we have 6 children, Ilya 21years old), Niklaus 20 years old, Ioan 17 years old, Arwen 14 years old, Cruz 5 years old and Maelin 1 year old. My mother was late Linda Watts from Tseshaht and my father was late Reese Mack from Ahousaht. My maternal grandparents were Late Agnes Williams-Tseshaht and late Kenneth Jones of Snuneymuxw. My paternal grandparents were Sam and Rhoda Mack from Ahousaht.

Currently I am working for Tseshaht at the Administration office, I am the Office Services Assistant, and many of you may recognise it is me when you call the office. I really enjoy working for our people/community. I love the social aspect of my job. I love that I can work in our community, it is very different due to covid, I don't get to see as much people as I used to before covid.

Before working for our nation I was hairdressing for 18 years, I was an assistant manager for First choice haircutters. Within those 18 years I also went to school to be aesthetician and a makeup artist. I took different training and courses throughout those years. I took the training needed to become a foster parent through USMA, I took first nations cultural tourism training, I have my wilderness first aid, as a youth I served on the Tseshaht youth council. My most recent schooling I took was in 2019 through First Nations Technology Council I received a certificate from NVIT for the Foundations in technology program. I needed a change of pace and decided I would like to work in an office space. My schooling through NVIT really helped me understand more about technology. The past 2 years I have been a part of the CCP working group, I have learned a lot from the community from the community engagements. I see what our people dream for the future of our nation and I wish to be more of a part of making those wishes and dreams come true. I want to be a part of the team that brings positive change to Tseshaht.

I will give my commitment to Tseshaht to be the best I can be serving you for the next 4 years on council. I thank you for taking the time to read this.

Lastly I would like to thank Hank Gus and Paula Watts for the nomination.

Good luck to all the Candidates.

Be kind and Stay safe.
